

EXTRA

Advanced Long Range Fire Power System

EXTRA is a precise, cost-effective, tactical-range artillery missile

- Long range: Allows ground forces commander to influence the battlefield at 30-150 km range
- High accuracy: <10m C.E.P
- Depth capability: Strike high-payoff targets at all depths of the tactical battlefield (command & communication centers, logistic installation, transportation infrastructure)
- Flexibility: Ability to easily transfer firepower between sectors

EXTRA - A modern fire system

- Unconditional: autonomous, day & night, all weather capability Precise weapon
- Fire-Power: ability to deliver large effective warheads
- Cost-Effective solution
- Reduced logistic burden

Basic Characteristics:

| | |
|-----------------------|-----------------|
| Range..... | 150 km |
| Accuracy..... | < 10 meters CEP |
| Payload weight..... | 120 kg |
| Payload capacity..... | Unitary |
| Navigation..... | GPS/INS |
| Diameter..... | 306mm |
| Steering..... | canards |
